In the House and Senate

Revenue officers under the Volstead
act "are up against the toughest propo-
sition any men ever were up
against," according to Paul F. Myers,
assistant commissioner of internal
revenue, whose testimony before the
House appropriations committee was
made public today. Discussing the
need of a big force of money
with which to go after wholesale and
retail bootleggers, Mr. Myers declared
that a "tough proposition" because
they were dealing with the worst el-
ement of crooks in the country.
It developed at the hearings that
the bureau would need about \$7,000,-
000 for the next fiscal year for probi-
tion enforcement. Members insisted
that with the deficiency to be taken
care of later the amount would ex-
ceed \$9,000,000.

Owing to the absence from the city
of several members of the House Dis-
trict committee who are particularly
interested in bills awaiting action by
the committee, Chairman Mapes an-
nounced today that the meeting of
the committee which was to have
been held tomorrow has been post-
poned for one week.

Another congressional resolution
designed to curtail the size of the
Regular Army was introduced yester-
day by Representative Kahn of Cali-
fornia, chairman of the House mili-
tary committee. His measure pro-
vides that enlistments must cease un-
til the Army is reduced to 175,000 en-
listed men, but would permit men
who have served two or more enlist-
ments in the Regular Army to re-en-
list.

Drastic changes in the naturaliza-
tion law, especially as applying to
women, are provided in a bill re-
ported favorably by the House im-
migration committee yesterday. The
measure will take the place of two
naturalization bills on the House
calendar, and an effort will be made,
according to Representative John-
son of Washington, chairman of the
committee, to have Congress approve
it at this session.

Senator Kink, democrat of Utah, in-
troduced yesterday his resolution
proposing elimination of the cove-
nant of the league of nations from
the amended treaty. The resolution
said it was "imperative that the ac-
ceptance by the United States of the
terms of peace with Germany be no
longer delayed."

PROPOSER OF NEWEST TAX SCHEME ON STAND

Sawyer Says Tax on Bank
Deposits Would Net Government
Billion a Year.

Henry B. Sawyer of Boston, origi-
nator of the plan to levy a small tax
on bank deposits as a substitute for
the excess profits tax, told the com-
mittee on ways and means yesterday
that a tax of one-tenth of 1 per cent
would produce \$700,000,000 annually
while a tax of one-fourth of 1 per
cent would produce \$1,750,000,000. Mr.
Sawyer, who is treasurer of properties
managed by Stone & Webster, said
that his proposal in reality was a
stamp tax on bank deposits, that it
was simpler than most substitutes for
existing laws, was easily understood
and easy of collection.

Questions asked by members of the
committee indicated some opposition.
Mr. Sawyer emphasized that the bill
before the committee was most tenta-
tive and had been introduced merely
as a basis for discussion.

Mr. Sawyer said he believed that
two or three tax laws could be enacted
which would raise revenue much
better than it is raised at present by
fifty laws. He said that the excess
profits tax, the capital stock and
higher brackets of the income tax
were so burdensome that they must
be modified.

Mr. Sawyer said it was possible
that the tax would lie heavily
against the trading on exchanges, but
added that it could hardly be claimed
that a tax of one-fourth of 1 per
cent would be so heavy a burden that
it would result disastrously to the
country by unduly restricting these
transactions. The tax, he said, un-
doubtedly would cause the total year-
ly deposits of the country to shrink
slightly, as some way would be found
to eliminate one or two motions in
transfers as made now.

Representative John Garner, rank-
ing minority member of the commit-
tee, raised the point that if a man
borrowed \$10,000 for fifteen days at 6
per cent interest and deposited the
money in a bank he would pay as
much for the loan as he would for
interest. "Business cannot be done
that way in America," he remarked.
Former Representative Burke of
Pennsylvania voiced the opposition of
certain bankers when he said that
the Sawyer proposal was vicious, that
it would be destructive to the bank-
ing structure of the country and that
it would drive money into "stocks and
socks."

Americanization Work of Two

Women Here Is Applauded.

Tribute to the Americanization work
being done for the 35,000 foreign-born
persons in Washington by Miss Maud
E. Alton and Mrs. Jesse Cunningham
of the Americanization schools was
paid by Oran T. Moore, chief natu-
ralization examiner, at a meeting of
the Americanization committee of the
District of Columbia D. A. R. last
night in the Thomson School.

Mr. Moore also pointed out that
there is greater need of legislative
provision for the Americanization of
foreign-born already within the
United States than for the regulation
of immigration to these shores.
Teaching the child American man-
ners and customs, while the parent
remains ignorant of even the lan-
guage, simply engenders the destruc-
tion of the American foreign-born
home, he said.

THOMPSON'S TRIAL OPENS IN ROCKVILLE TOMORROW

Charged With Triple Murder in
Dynamited Home of Farm
Laborer.

ROCKVILLE, Md., January 6 (Spe-
cial).—On an indictment charging him
with triple murder, Guy Vernon
Thompson of Germantown, in which
vicinity he is known as "Villa," will
be placed on trial in the circuit court
here tomorrow morning.
It is charged that on November 18

Thompson dynamited the home of
James Bolton, a farm laborer on the
farm of Julian B. Waters, near Ger-
mantown, causing the death of Bol-
ton and the two small children of his
housekeeper, Mrs. Hattie Shipley.
Thompson, who has been in the Bal-
timore city jail since a few days after
the explosion, having been taken
there to escape possible violence at
the hands of a mob, will be brought
from Baltimore tomorrow morning.
Should the trial not be concluded to-
morrow, every precaution, it is un-
derstood, will be taken to protect him,
even to the extent of returning him
to Baltimore tomorrow night.
Thompson will be defended by John
A. Garrett of Rockville. State's At-
torney Thomas L. Dawson will con-

duct the prosecution. Twenty-one
witnesses have been summoned by the
prosecution, including Mrs. Hester
Thompson, the prisoner's wife, who is
regarded as the state's most impor-
tant witness.
Mrs. Thompson has the right to de-
cline to testify against her husband,
but the authorities say she will take
the stand.
The length of the trial will, it is
thought, depend very largely upon
the amount of time consumed in se-
lecting a jury.
Experiments to determine the angle
at which a ladder should be placed
to secure the maximum degree of
safety in use have shown that 75
degrees is the best.
